WASHINGTON INTERSTATE BROADCASTING COMPANY, INC.

EEO OUTREACH ACTIVITIES

October 1, 2022 – October 1, 2023

Washington Interstate Broadcasting Company, Inc. (“WIBC”), employs a comprehensive outreach and recruitment program designed to widely disseminate information regarding full-time job opportunities at its stations.

The unit had three full-time positions open during the reporting period. The Sales Assistant, News Producer and Sales Position were filled through recruitment. Recruitment for these positions is detailed in the attached exhibits.

Every six months, WIBC stations air a Public Notice Press Release and the stations also send a Press Release to various community groups, minority organizations and interested civic organizations to notify station management if its group would like to be notified regarding each new, full-time job opening. To date, no local group has expressed any interest in receiving information regarding any job openings. The licensee plans to continue its advertising and Press Release efforts with the hope that local groups might soon be interested in receiving such information.

WIBC advertises all its job openings on its stations. The unit also experiments with non-traditional recruiting methods such as online web sites and open house events.

The licensee has selected the following menu options:

1. Participate in other activities than the ones listed that the licensee has designed to further the goal of disseminating information about employment opportunities.
2. Provide training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

During this period, the unit sponsored an “Open House” event on July 13, 2023. The purpose of the open house event was to introduce members of the community to the employment opportunities in broadcasting. The unit supported the open house events with advertising on its stations. No one attended.

In addition to the “Open House”, the unit co-sponsored a Job Fair with Worksource. The job fair was held on September 12, 2023. The purpose was to introduce members of the community to the employment opportunities in broadcasting. Approximately 70 people attended.

During this period, the station manager continued training to ensure equal employment opportunity and preventing discrimination by studying the book, Equal Employment 101: A managers guide to understanding equal opportunity employment in the work place. Specifically, he studied chapter 5: “Equal Pay Act of 1963.”
